Son / Enschede, the Netherlands, 24 June 2021, Neways Electronics International N.V. (Neways or the Company) (Euronext Amsterdam: NEWAY) and Infestos (Infestos) are pleased to announce that a conditional agreement (the **Merger Protocol**) has been reached on a recommended public offer (the **Offer**, and together with the other transactions contemplated in connection therewith, the **Transaction**) for all of the issued and outstanding ordinary shares in Neways (the **Shares**) at a price per Share of EUR 14.55 in cash (*cum dividend*) (the **Offer Price**), representing an aggregate equity value of approximately EUR 177.5 million. The Neways management board (the **Management Board**) and supervisory board (the **Supervisory Board** and together with the Management Board, the **Boards**) believe the Offer is in the best interest of Neways

and all its stakeholders. The Boards unanimously support the intended Offer and the Transaction and recommend these to the holders of Shares.

Eric Stodel, CEO of Neways, commented, *“Infestos is a strong and entrepreneurial investment firm that is well-positioned to support us in realizing our long term ambitions. We continue to develop and grow our market position as a differentiating System Innovator in the EMS market, by moving up the value chain and adding greater value for our customers. We increasingly work in collaboration with our customers to develop new and innovative systems and products, which will lead to sustainable and profitable growth. We will also continue to develop our in-house talent and technological expertise. We are convinced that Infestos is the right partner for this next phase of development. With their expertise they can help us to further accelerate the roll-out of our transition and growth of our business in the years to come, whilst remaining an independent company.”*

Henk Scheepers, Chairman of the Supervisory Board of Neways, commented, *“We unanimously support the offer as we believe that it will be beneficial to the company and all its stakeholders. With this strong majority shareholder we create a stable governance structure, enabling the company to advance the roll-out of its strategy. The offer reflects a compelling and immediate value for our shareholders, provides additional deal certainty due to the funds already committed and safeguards the interests of both our customers and employees.”*

Frank van Roij, Investment Director of Infestos, commented, *“We are excited to join Neways in its journey to become a best in class EMS company. We fully support its ‘One Neways’ and ‘System Innovator’ strategy. We believe this strategy can create long-term value whilst Neways remains an independent publicly listed company. With our extensive experience in transitioning and growing strongly positioned technology companies, we are looking forward to working together with Neways on accelerating its journey of profitable growth.”*

Strategic rationale

Infestos and Neways believe that the Transaction is in the best interest of the Neways Group, the continued and sustainable success and long-term value of its business, taking into account the interest of all its stakeholders, and by Infestos becoming the majority shareholder of Neways it will provide strategic and other benefits to Neways and its business.

Key elements of the strategic rationale for the Transaction include:

- (a) Infestos fully supports the current 'One Neways' strategy of Neways and the positioning of Neways as 'System Innovator';
- (b) Infestos' goal is to provide Neways with the expertise and support to accelerate this strategy and support Neways in its transition into a *best in class* electronic manufacturing services enterprise benefitting Neways' shareholders, employees, customers and all other stakeholders;
- (c) Infestos supports the Group's 'One Neways' and 'System Innovator' strategy. Infestos supports Neways in the further development of leadership, craftsmanship and entrepreneurship in the operating

companies. Infestos further acknowledges the importance of the continuing development of talent and technological expertise among employees; and

- (d) Infestos is a sustainable investment company focussing on long-term growth that has the track record, experience and expertise to provide Neways and its business with support on strategic, organisational and operational matters through a consultancy agreement that shall be entered into by Infestos and Neways at arm's length terms.

In order to achieve the strategic benefits of the Transaction and enhance the continued and sustainable success of Neways' business, Infestos aims to become the majority shareholder of Neways.

Infestos and Neways have together determined that no merger control filings are required for the completion of the Transaction, which will enable Infestos and Neways to implement the Merger Protocol without merger control filing delays.

With Infestos as the majority shareholder, the strategic rationale can be adequately supported, deployed or achieved whilst Neways remains a publicly listed company, as this enables Neways to retain its independent position, to incentivise the management team and senior staff, and to continue to attract talent to join its workforce in the future, aligning their interests with other shareholders of Neways, and Neways keeps access to the capital markets to support potential capital raises in the future.

If, however, following settlement of the Offer, Infestos holds at least 85% of the Shares, Infestos may, on the terms set out in the Merger Protocol, pursue a delisting of the Shares and determine to implement the Squeeze-Out or Post-Closing Merger Restructuring (each as defined below), with the intention to acquire 100% of the Shares. In such case Infestos and Neways also see merits and benefits in pursuing the implementation and acceleration of the 'One Neways' strategy and other strategic benefits set out above in a private environment in a fully owned set-up after delisting.

If Infestos acquires at least 95% of the Shares, it is intended that Neways' listing on Euronext Amsterdam will be terminated as soon as possible. In that case, Infestos will start statutory squeeze-out proceedings (*wettelijke uitkoopprocedure*) to obtain 100% of the Shares as soon as possible (the **Squeeze-Out**).

If Infestos acquires less than 95% but at least 85% of the Shares, Infestos intends to acquire the entire business of Neways at the same price and for the same aggregate consideration as the Offer, pursuant to a legal triangular merger of the Company with two newly incorporated subsidiaries of the Company (Company Holdco and Company Sub), a share sale regarding the shares of Company Sub, between the Infestos and Company Holdco, and a subsequent liquidation of Company Holdco to deliver such consideration to the shareholders (the **Post-Closing Merger Restructuring**). The advance liquidation distribution to the shareholders of Company Holdco will be an amount that is to the fullest extent possible equal to the Offer Price, without any interest and less any applicable withholding taxes and other taxes. The Post-Closing Merger Restructuring is subject to the approval of the shareholders of Neways at the EGM. The Boards have agreed to unanimously recommend that shareholders vote in favour of the Post-Closing Merger Restructuring. Once the legal triangular merger is implemented, the listing of Neways will terminate.

Transaction details

The proposed transaction envisions the acquisition of the Shares pursuant to a recommended public offer by Infestos. The Offer Price represents an implied equity value for 100% of Neways on a fully diluted basis of approximately EUR 177.5 million.

The Offer Price, delivering immediate, certain and significant value to Neways' shareholders, represents the following premiums:

- a premium of 33.5% over the closing price of Neways on 29 April 2021, being the pre-disturbed share price;
- a premium of 55.5% over the VWAP per Neways share over a period of three (3) months up to and including 29 April 2021;
- a premium of 65.3% over the VWAP per Neways share over a period of six (6) months up to and including 29 April 2021;
- a premium of 68.7% over the VWAP per Neways share over a period of nine (9) months up to and including 29 April 2021;
- a premium of 74.6% over the VWAP per Neways share over a period of twelve (12) months up to and including 29 April 2021.

Unanimous support and recommendation by the Boards

This announcement follows constructive interactions between Neways and Infestos. Neways' Boards and Infestos have extensively discussed their intentions in relation to the Transaction throughout the process. Consistent with their fiduciary duties, the Boards, with the support of their financial and legal advisers, have given careful consideration to all aspects of the proposed transaction. As part of that process, the Boards have also considered the proposed transaction in light of the announcement VDL Groep made on 28 May 2021. The Boards have concluded that the Infestos offer is significantly superior to this proposal, including price, non-financial and other terms. The Boards of course continue to value VDL Groep as a partner, customer and shareholder.

Having taken the interests of all stakeholders into account the Boards have unanimously concluded that the Offer is in the best interest of Neways, the continued and sustainable success of its business and all of its stakeholders.

Accordingly, the Boards decided unanimously to fully support and recommend the Transaction and the Offer to the holders of the Shares and to furthermore recommend the holders of the Shares to vote in favour of the resolutions relating to the Offer, subject to honouring the Offer (the **Resolutions**), at the upcoming extraordinary general meeting of Neways (the **EGM**) to be held during the offer period.

The support and recommendation of the Boards, and the obligations of Infestos in relation thereto, are subject to the terms and conditions of the Merger Protocol.

Fairness opinion

ABN AMRO Bank N.V. acting as financial adviser to Neways, has issued a fairness opinion to the Boards as to the fairness, as of such date, and based upon and subject to the factors, assumptions, qualifications and other matters set forth in the fairness opinion, to the effect that (i) the Offer Price is fair to the holders of Shares from a financial point of view, and (ii) the consideration to be paid and distributed under the Post-Closing Merger Restructuring is fair, from a financial point of view, to the holders of Shares. The full text of such fairness opinion, which sets forth the assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with such opinion, will be included in the Boards' position statement.

Certainty of funds

Infestos has committed financing in place to finance the Offer, the share sale and the Squeeze-Out and represents and warrants to Neways that, pursuant to such financing, it has sufficient funds available to comply with the requirement of article 7 paragraph 4 of the Decree.

Infestos and Neways agree that Neways shall continue to apply the full large company regime (*volledig structuurregime*).

- The existing rights and benefits of Neways Group's employees shall be respected by Infestos, including existing rights and benefits under their individual employment agreements, social plans, and including existing rights and benefits under existing covenants made to the works councils.

- There will be no material reorganisations or restructuring plans resulting in material redundancies with respect to Neways' employees as a direct consequence of the Offer.
- Infestos shall procure that the existing pension arrangements and the pension rights of Neways Group's current and former employees shall be respected by Infestos.
- Infestos recognises the existing rights of and arrangements with the relevant works councils and trade unions of Neways Group under the Dutch Civil Code, the Dutch Works Council Act, the Articles of Association and the covenants with the relevant works councils and Neways, and shall respect these rights.
